Memorial

Bertha Melnyk

Our dear friend Bertha passed on August 6, 2013. She will be missed at our meetings. Our condolences to Steve and their family.

Editor's Notes

Judy Bradley AGS #2688

The leaves are beginning to change and fall is in the air. Perhaps it is time to "fall into" our regular activities after enjoying a good summer season.

I had wanted to make a good start on reorganizing my vast genealogical collection – I had proposed to make a strong start on my grandmother's family. Well I made the necessary purchases at

our local STAPLES store, and that truly was the easy part! I have made a start on Grandmas family, as promised, but it will probably take some time until I am ready to move on to my Grandpa's family, then on to my Gran and Grandad's families. Then I will have my husband's lines to complete. It will be a big job before I am finished. But then our genealogy is never finished! Family has a way of multiplying.

This issue brings you some photos of two very interesting field trips made by our branch members. The first was in June for our meeting – a field trip to the museum buildings in Sexsmith, Alberta where we were given a tour. The second field trip was in July – we went out to a few cemeteries led by our own Mary Nutting. Thank you Mary.

Enjoy!

Judy

Margaret Kay Scholarship

This scholarship may be given annually to a fellow Canadian hobby genealogist. You may solve your brick wall by taking a course and learning where to look for your answer! GP AGS wants to help a deserving researcher. Please consult our website for application and further information.
