

## Grande Prairie & District Branch of the Alberta Genealogy Society

# General Membership Meeting

Wednesday, 18 January 2023

6 - 8 pm

**By Zoom**

Our featured presenter:

**Trish FedeykoMillard**, our 2022 Margaret Kay Bursary recipient,  
will speak on her specialty,

## **Forensic DNA & Genetic Genealogy**

A small town Northern Alberta girl who thought she knew her family because her paternal grandfather and her mother spent years searching Microfiche, travelling abroad, sending money orders to purchase certificates, and even published a history book. Then, DNA testing arrived in her life so for fun she had her parents test. This kick started her interest in genetic genealogy, from the results to the relationships, and led to her learning much more than she'd ever imagined. The how, the why and more importantly, the who! Seven years later she has volunteered many hours to assist individuals with their DNA results, given a "John Doe" back to his family and has provided many leads to Law Enforcement for unsolved crimes. There's no challenge she won't accept!

### **How to attend GPAG Zoom meetings:**

**Rilla, our Treasurer** and Website Techie, is committed to keeping us informed by keeping the website current. She has recently uploaded the updated meeting dates with the links to participate.

Rilla says just click on this link and on the meeting you want to Zoom in on: <https://www.abgenealogy.ca/membership-meetings> and you are there!
