

Selected Alberta History Books, The Project

The Alberta Genealogical Society acknowledges the contribution made by Marion Sim in the creation of this index. Funding for the project was made possible by a bequest from the estate of Charles Douglas Denney (1901-2002) to the Alberta Genealogical Society, Edmonton Branch.

The Database

The following information was extracted from the local history books:

- Surname
- Given name(s)
- Other Items – Place names, ranch names, business names, etc.
- Page numbers
- Book title
- Alberta Genealogical Society Library book call number

Although every effort has been made to achieve accuracy in the data, there may be errors. If you discover a mistake, please contact us and it will be corrected.

NOTE: Use the Advanced Search facility on the search screen to find spelling variations of names, search for book title and other items.

How to View a History Book

The local history books included in this database are held at the Alberta Genealogical Society's Library, Edmonton Public Library, Provincial Archives of Alberta and several post-secondary schools throughout Alberta; or can be inter-library loaned to your local library.

Copy services are available at all repositories.
