Mr. Dave Burgess, City Manager,  
City of Wetaskiwin

Dear Sir,

I am writing to ask that you provide a space on the agenda of the City Council regular meeting on May 28, 2018 for myself and Alice Hoyle to make a short presentation.

As a resident of the City, and as past President of Wetaskiwin Branch of the Alberta Genealogical Society, and Alice Hoyle as current president of Wetaskiwin Branch AGS, we wish to address the current uncertain situation of the City Archives.

Rumors around town in the past few months have concerned us that the Archives may be abandoned when sale of the Civic Building is completed.

We wish to request that City Council make a commitment to the Archives' continued existence, the preservation and protection of the materials entrusted to it, and public accessibility to these materials for research.

I hope that this request to attend and address the meeting will be honoured.

I can be contacted at 780.352.2156 or [sharonaney@gmail.com](mailto:sharonaney@gmail.com)

I look forward to your positive response.

Thank you for your assistance.

Sharon Aney
