On April 19 and 20th, 2024 we held a successful “Collectibles Market” at the Heritage Museum for the benefit of the Museum.

Our members had been advocating since 2016 that the City Council should not shut down the City Archives, or otherwise dispose of it. We were relieved that Council and the Museum

eventually contracted to manage the Archives. We conceived this idea to defray some costs the Museum now incurs in managing the City Archives.

As Chair, I am pleased to complement our members on their generous contribution of “collectibles” ... what one of our members fondly referred to as “Swedish Death Cleaning”, a process of getting rid of extraneous things in our lives; and their generous sharing of

time for set up and attending at the sale and clean up.

In addition to raising over \$900.00 for the Heritage Museum, we were able to raise the profile of genealogy / family history. Another major benefit was the fellowship among our members.
